

## Outcome of the Bere Regis Parish Council Community Survey – April 2024

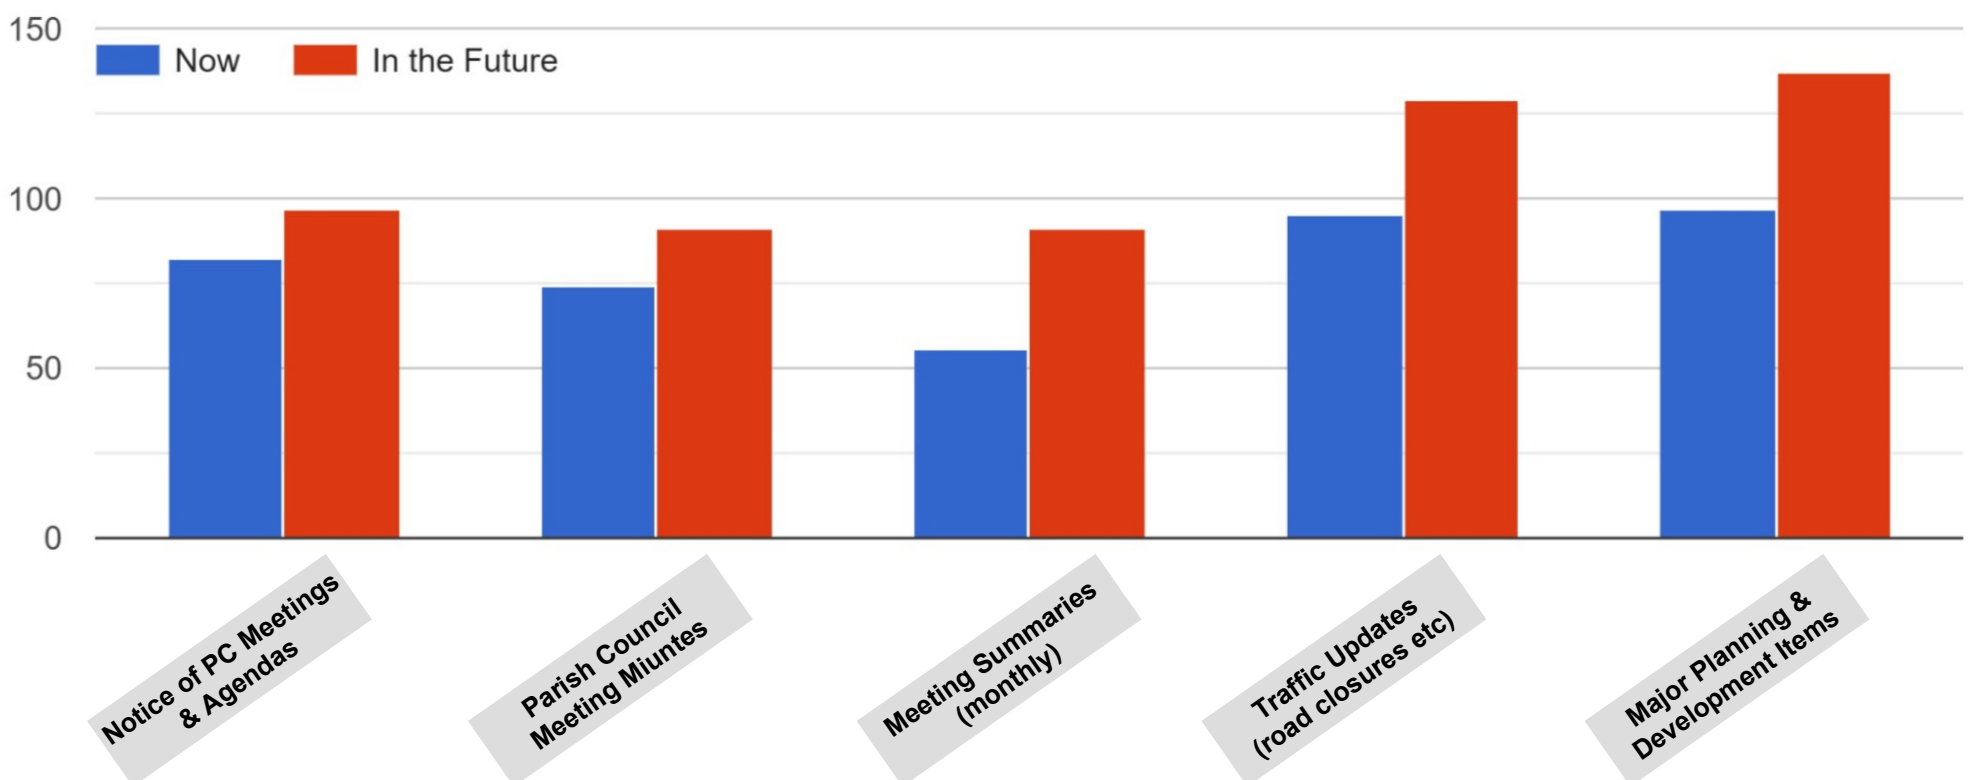

### Communications

**HOW** - we asked you how you currently like to receive information , and how you would prefer to receive it in the future.

The results above show significant movement towards electronic communications, particularly e-mail, but they also tell us that many of you wish to retain access to information via the Parish Magazine and the Parish Noticeboards. It is also clear that a Quarterly Bulletin would be a popular addition.

**WHAT** - we asked you what types of information you would like to receive.

It is clear that major planning & development items, and traffic issues, dominate your requirements, but agendas & meeting information are of interest to about 50% of respondents.
